Medicinal Chemists, Positions Open

Fox Chase Chemical Diversity Center, Inc. (www.fc-cdci.com) has positions open at its laboratories in King of Prussia, PA (3700 Horizon Dr.) for medicinal chemists, with 0-20 years of experience in the pharmaceutical industry. Qualifications of the successful candidate include a BA/BS/MS or PhD degree in Chemistry, Organic Chemistry, Medicinal Chemistry or a related discipline. The work will require the preparation of compound libraries for testing in biological assays to develop structure activity relationships. Critical skills will include persistence, teamwork, interpretation of spectral data (e.g. H-1 NMR), purification using chromatographic methods, safe operating practices, and good notebook record-keeping.

FCCDC is an Equal Opportunity Employer.

Interested candidates should send a CV and cover letter to:

Allen B. Reitz, Ph.D.

Chief Executive Officer
